## YOU BUG ME

**A:** Look! It's a ladybug!

**B:** That's not a ladybug. It's a tiny wasp of some sort.

**C:** It's a bee. Bees are harmless.

**D:** Oh, no! I'm allergic to bees!

**E:** It's not a bee, it's just some kind of beetle.

**F:** My mom loves the Beatles.

**A:** That's a ladybug. I learned about them in science class.

**B:** Well your lady bug just stung me!

**C:** Don't be silly. Ladybugs don't sting.

**D:** Shouldn't someone call an ambulance?

**E:** Why are you making such a fuss? It's just a bug.

**F:** My mom used to own a bug. She said it ate gas.

**A:** Bugs don't eat gas. They eat plants.

**B:** Well this bug just ate ME!!

**C:** It's just your imagination. Bees only sting when threatened.

**D:** Why did you threaten a BEE? That's crazy!

**E:** It's not a bee, it's a beetle and beetles don't sting at all.

**F:** Beatles actually sing very well. Except that most of them are dead now.

**A:** I think he said "sting", not "sing".

**B:** Your "beetle" just left a big bump on my arm and it hurts!

**C:** You probably just have eczema. I have it and my arms itch all the time.

**D:** Is eczema contagious? I think I'm starting to itch!

**E:** All this over a harmless little beetle.

**F:** Mom likes Ringo best.

**ALL except F:** Ringo?
